

Join Our New Legislative Corp!

The End the Wait Now! Campaign is looking for families on the DDA Waiting List to become a part of the action in the Legislature. We are looking for a group to join us once a week during the legislative session to spread out and visit our legislators and let them know about the issues facing those on the waiting list and deliver personal stories, talk about your own waiting list issues and get the word out.

A small stipend for transportation costs may be available.

Please contact Laura Carr at lcarr@etwn.us to find out more.
